

Aug 12, 1851

Isaac Singer was granted a  
patent in his sewing machine

1851

Dr John Gorrie received U.S. patent on his ice machine, but his chief financial backer died.

Without funds Gorrie retreated to Apalachicola where he awaited word on a patent for his other innovation, the air-CONDITIONING process. It never came.

Suffering from a nervous collapse

and devastated by failure, he  
died in 1855 at age 51.
